

In the Abstract of the Disclosure

Please amend the Abstract of the Disclosure as follows.

~~This article for nursery care, which is in particular a~~
~~feeding~~ A nursing bottle or a comforter, ~~comprises that includes~~
a body [,] having a tip for suction ~~intended to penetrate adapted~~
~~to be~~ at least partially in an infant's mouth, ~~as well as a~~ and a
surrounding member on which the infant's lips of the infant abut
during such suction [.] and wherein a [The] a hardness of the
member on which the lips abut is ~~clearly~~ greater than [the] a
hardness of the tip ~~with the result~~ so that suction is effected
physiologically, simulating natural breast-feeding.

It is requested that the Abstract be amended to place it in
proper form under US practice.
